

ALUMNI SUPPORTING EP FELLOWSHIPS

EDUCATION PIONEERS

As an EP Alum, you bring a unique and valuable perspective to our recruitment, admissions, and onboarding (RAO) processes and know the competencies and mindsets that set Fellows up for success in placement, programming, and in the EP network. The data shows this to be true — across the Summer and Impact Fellowships, candidates who hear about EP through an Alumni become Fellows at the highest rate compared to any other talent channel.

In 2021, we are committed to diversifying the ways in which Alumni can support EP’s recruitment and stewardship of talent. This document provides an overview of the different ways in which you can support our search for the next generation of dynamic and equity-focused education leaders. In particular, we see a tremendous potential for impact by having Alumni become more deeply involved in the onboarding function, which includes matching candidates to projects, interviewing with partners, and entering placement and programming.
